SPOT NEWS

EARLY SUMMER CROCKNECK

SQUASH

One of our specials, Crockneck has been the subject of a great deal of work with us.

We sincerely believe there is no other strain equal to ours. Butter yellow, almost smooth, with a thick neck not too sharply bent (to eliminate breakage), your trade will enthuse over it.

MARKETER CUCUMBER

When first introduced, complaints were generally voiced that Marketer lacked vigor. In working with it for six years we have overcome this problem, and can recommend our strain to you as beautiful, uniform, dark green & VIGOROUS. We feel it is the top slicing cucumber. You will be well pleased with our strain.

COMMENT

ROCKY FORD, COLORADO

8700 pounds of Hales Best #36 Cantaloupe Seed about to be unloaded for processing at our neat and wonderfully equipped

plant at Rocky Ford, Colorado.

Long a standard of the Cantaloupe industry, our strain of "36" is uniform (It regularly packs 36 to the crate), high in sugar content, small, tight seed cavity, with an appetizing and attractive appearance.

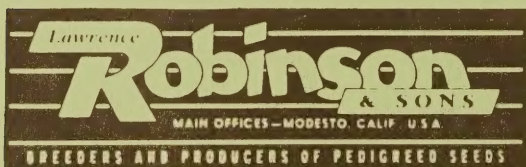

Supply your trade this strain as we have developed and grown it through our model seed plant, breeding grounds and production farms at Rocky Ford.
